WINNEMUCCA, NEVADA

NOVEMBER 5, 1921.

VOLUM 54, NO. 55

## NO CHARGE TO BE MADE

Because of circumstances created by the fire which rendered The Silver State printing plant useless, it has been impossible to print news of value, and such condition will continue to exist until the new plant is ready. For that reason no charge will be made to subscribers for papers since the fire, and all paid-in advance accounts will be credited for full time lost.

## THE SILVER STATE.

Coming days are going to be extremely busy ones around The Silver State office, cleaning up and throwing away preparatory to the arrival of new machinery. For that reason no effort will be made to put news in the paper. We would not be issuing at all during these days except that publishing is compulsory to retain mailing privileges and maintain legal status that will permit uninterrupted publication of legal notices. So for the next few issues don't expect anything, and in return we'll promise to make up for present lack when the new paper is issued. Keep your eye on The Silver State.

Still doing business in the same old location and prepared now to do all kinds of job work.

## THE SILVER STATE

## WEATHER REPORT

For the twenty-four hours ended at 8 a.m. today: Highest temperature yesterday, 73; lowest this morning, 23; mean temperature yesterday, 52; normal temperature yesterday, 41; prevailing wind direction, northeast.
